Citizens Comments

Your Board of Education is very interested in citizen input and concerns and has allotted a period of thirty minutes at the beginning of each meeting for citizens and staff to address us. We ask that remarks be limited to three minutes and to one appearance and that you please speak to issues. The Board cannot discuss personnel matters or individual student concerns in public sessions. The Board and Superintendent will not immediately respond to questions prior to conducting an inquiry, however, responses will be provided by an appropriate person as quickly as possible.

Citizens who wish to comment about a particular agenda item may do so at the time that item is under consideration with the understanding that comments would be made after the Board has concluded its own discussion, but before a vote is taken. We again ask that remarks be limited to three minutes.

If necessary, time for additional citizen comments can be provided at the end of the meeting or in another forum.

It is our intent to conduct our meetings in a manner that is, at all times, respectful to our students, staff, community members and fellow Board members.
