Your Board of Education is very interested in citizen input and concerns and has allotted a period of thirty minutes at the beginning and at the end of each meeting for citizens and staff to address us. We ask that remarks be limited to three minutes and that you please speak to issues. The Board cannot discuss personnel matters or individual student concerns in public sessions. The Board and Superintendent will not immediately respond to questions prior to conducting an inquiry, however, responses will be provided by an appropriate person as quickly as possible.

Citizens who wish to comment about a particular agenda item may do so during the citizen comment section at either the beginning or end of the meeting. No comments will be taken from citizens during the meeting. Citizens need to indicate their desire to speak and state the topic of their comments on the sign-in sheet located at the door.

It is our intent to conduct our meetings in a manner that is, at all times, respectful to our students, staff, community members and fellow Board members.
