Good Morning, U. City Families and Staff:

As we begin the new school year virtually alongside many other schools, we have come to discover that Zoom is experiencing issues around the globe.

The issue seems to prevent people from using their zoom.us login, resulting in an error message. Some individuals have found success logging in from the application if pre-installed on your computer or through the Chrome extension.

Some teachers may be pivoting to GoogleMeet, so please watch your email for any updates.

Please be assured the District's Technology team is monitoring the situation, but unfortunately, we don't have a timetable on when Zoom will have this issue resolved.
