**Course Description:** Community Based Vocational Instructional Curriculum (CBVI) is centered around core coursework alternative learning standards for ELA, Math, Science, and Social Studies, in-conjunction with real-world work experience to students with disabilities. Students benefit from CBVI programs by improving self-esteem, developing problem-solving skills and becoming familiar with the expectations of the workplace. Student workers are supervised at all times by an experienced SSD teacher and staff.

**Classroom Expectations:** Students are expected to attend, participate, complete assignments in all enrolled courses. Students will find course work and submit using Google Classroom. Students have been sent an invitation to join Community Based Vocational Instruction Google Classroom to your student's University City School District Student Email. Please have them accept the invite prior to August 24, 2020.

**[Join Zoom Meeting](#)- ID: 81659317387/Password: Um1Pfh5AVI**

**Grading Policy:** All students are expected to initiate, complete, and submit course assignments. Students will be graded using percentage based. If your student is absent from virtual or in-person learning, he or she will still be held accountable for missing assignments.

**Required Materials:** Student Chromebook, Internet Connection, Pencil

**Student Goals:** Students will work toward course expectations for each subject area as well as Individual Education Goals (IEP) using a variety of assessment methods. Goals will be modified as needed based upon student data collection.

I look forward to our learning experiences this school year.

*Ms. Hayslett*
