## **Syllabus for Health**

This class is designed to be an overview of pertinent health topics in today's society. The elements of health will be presented and explored, as well as the many influences that affect today's health choices. Topics to be covered, but not limited to include body systems, substance abuse, communicable diseases, sexually transmitted diseases, and environment issues.

### **I UCHS COURSE EXPECTATIONS for Distance Learning**

**Technology in the classroom is for learning purposes, not distraction. Chrome Books will be used as part of the learning process. Chrome will need to be fully charged.**

### **II BEHAVIOR EXPECTATIONS**

**Log into class on time**

**Stay muted unless the instructor addresses you**

**All questions need to be written in the chat and will be answered accordingly**

**Use respectful language and behavior at all times**

**Be prepared to remain in the class for the duration of the period.**

### **III COURSE OBJECTIVES**

By the end of the course, students will have been introduced to and have experienced the activities outlined in the Health Course Map

[Health Course Map](#)

### **IV ASSIGNMENTS, ASSESSMENTS AND PROJECT**

Will be located in Google Classroom

## **V ASSIGNMENTS AND INSTRUCTIONAL METHODS**

Google Classroom and Zoom will be the methods of instruction

## **VI GRADING**

**What do we want to put here???**

## **I SUPPORT AND RESOURCES**

The Health Department will use an online text book and various Internet sites to continue to keep current with information needed for each activity and topic.
