LEA PARENT AND FAMILY ENGAGEMENT

Section 1112 (b) (3) and (7) and Section 1116

The LEA will conduct outreach and engage parents of participating children, including parents of migrant and EL children, in meaningful consultation to plan and implement parent involvement programs, activities, and procedures.

LEA Parent and Family Engagement Policy

Policy Development

The LEA parent and family engagement policy is developed jointly with, agreed on with, and distributed to parents of participating children. Section 1116 (a)(2)

Describe how the LEA involves parents in the joint development of the LEA parent and family engagement policy The LEA involves parents in the joint development of the parent and family engagement plan. The Federal Programs District Committee consisting of parents BOE members, central office administration, and principals develops an annual plan that meets the needs of the students and families in the School District of University City.

Describe how the LEA seeks and obtains the agreement of parents with the parent and family engagement policy The LEA seeks and obtains the agreement of parents with the parent and family engagement policy through the Federal Programs District Committee. The Committee holds one meeting per quarter with the last meeting focusing on the parent and family engagement policy. In addition, the SDUC website provides a copy of the parent and family engagement policy with a tab for parents/community members to provide feedback at any time.

Describe how the LEA distributes the LEA parent and family engagement policy to parents of participating children The LEA houses the policy on the district website as well as in student and family handbooks.

Plan Development

The LEA parent and family engagement policy establishes expectations and objectives for meaningful parent and family involvement Section 1116(a)(2)

The LEA involves parents and family members in jointly developing the local educational agency plan Section 1116 (a)(2)(A)

Describe how the LEA involves parents and family members in jointly developing the local education agency plan The LEA involves parents and family members in the development of the LEA plan through the Federal Programs District Committee as well as the parent surveys that are administered in the spring on an annual basis. The Federal Programs District Committee uses this feedback from the surveys to make programming decisions

The LEA also provides training and support for teachers through the Teacher Instructional Leaders to improve instructional strategies and support.

Annual Evaluation

The LEA conducts, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of all schools served under this part. Section 1116 (a)(2)(D)

Describe annual evaluation

The Coordinator of State and Federal Programs in her annual Title I evaluation, which includes the parent and family engagement policy, will analyze parent survey data from individual buildings, parent involvement data from parent involvement events, and any other relevant data that will help identify barriers and will include those and strategies for improvement in the evaluation that goes to the Board of Education. In addition, the Office of Student Services, as well as the Coordinator of State and Federal Programs, will engage nurses, counselors, social workers, and ELL teachers to ensure there are no barriers to parent involvement.

	disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background)
	Describe method(s) for identifying barriers
	SDUC is a CEP district as well as all of our schools being identified as schoolwide so we have a number of potentially at risk students represented in our population. As a result, we have a district wide (K-12) MTS program for academic AND for social/emotional needs. This system allows our staff to systematically identify needs beyond the scope of academics, engage parents and arrange wrap around services for students and families, which also falls under the intent of the School and Parent Engagement Policy. The annual Title I evaluation process will allow us to identify barriers to parent involvement. As it relates to EL students, the LEA uses the ACCESS test to identify students and track participation. The LEA also maintains a partnership with Special School District and assists with identification and services for students with special needs.
	The people of parents and family prophers to perint with the leave in a fither in this point in the later.
	The needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers
	Describe method(s) for identifying needs
	The annual Title I evaluation process will allow us to identify needs for parent involvement. The parent surveys will also assist us in identifying needs.
	Describe method(s) for identifying strategies The Title I evaluation process as well as the Teacher Instructional Leaders in each building will assist us in developing strategies to enhance our school and family interactions. Students services also partners with Wyman to provide wrap around services for our families and they too will assist us in informing our plan to engage families.
l	
ne LEA ir more	will use the findings of the annual evaluation of the parent and family engagement policy to design evidence-based strategies effective parental involvement, and to revise, if necessary, the parent and family engagement policy. Section 1116 (a)(2)(E)
stablish	will involve parents in the parent and family engagement activities of the Title I served schools (which may include hing a parent advisory board for the purpose of developing, revising, and reviewing the parent and family engagement policy.) 1116 (a)(2)(F)
