Welcome to Flynn Park Elementary School serving students in kindergarten through the fifth grade in the School District of University City. Flynn Park is a proactive school in which students, staff, parents and community members work together to create a safe and nurturing learning environment that celebrates diversity, individuality, creativity and academic achievement and where learning is viewed as a lifelong process. In 2019, Flynn Park was named a Bayer School of Excellence in the St. Louis region.

**School Mission**
The mission of Flynn Park Elementary is to provide a supportive learning community and challenging opportunities so that all students will acquire the knowledge, skills and behaviors necessary for success in our changing world.

**History**
Built in a “Craftsman style,” Flynn Park Elementary School opened in 1924 to replace Creveling Temporary School. It was named for the adjacent park and the city’s mayor Warren C. Flynn, who established the park system in University City. In 2009, the voters in University City approved a $53 million bond issue that included interior renovations and a new cafeteria addition completed in 2011.

**Addressing Needs of All Students**
Students have access to support services from the school nurse, guidance counselor and social worker. Academics are enhanced through math and reading teaching specialists and tutors. Each school has a Talented and Gifted Development (TAGD) program. The Special School District has teachers assigned to each building for students with disabilities. Personalized support for English language learners is also provided.

**Well-Being and Joy**
Students learn better when they feel loved, safe, included and challenged. District teachers are expected to teach with the head and heart with the understanding positive relationships are the foundation of learning. Teachers and staff are trained to be trauma-informed and culturally responsive. All schools participate in restorative practices to build community and relationships and repair harm when a wrong has been done. A multi-tiered system of support (MTSS) that includes Positive Behavioral and Intervention Systems (PBIS) is employed for students facing academic or social-emotional challenges. The social-emotional climate in all District schools is measured twice a year through a Panorama survey system. Students and staff participate in mindfulness activities and WE Schools social service projects to build self-awareness, empathy and student voice. Flynn Park Elementary School earned the PBIS Bronze Award in 2016.

**School Motto**
Show Your Flynn Park Pride: Safe, Positive, Respectful, Learners

Join us on our journey of **Learning Reimagined**, a path to Humanize, Personalize and Problematize student education through modern, rigorous and relevant learning experiences.
**CHALLENGING, RIGOROUS CURRICULUM**

- **English Language Arts and Social Studies:** Instruction is offered in a balanced literacy model; students practice reading, writing, listening and speaking for a variety of authentic purposes and with varied media. Strategies for reading and writing informational texts receive strong emphasis. Students will access social studies content and themes while practicing the technical aspects of communication.

- **Mathematics:** Students pursue conceptual understanding while also mastering procedural skills and fluency. Fewer topics are taught and the objective is to achieve deep understanding. Goals for student outcomes include efficient problem-solving and critical thinking.

- **Science/Technology/Engineering:** Integrated units allow students to actively engage in scientific and engineering practices while building deep understanding of the core ideas in physical, life, earth and space sciences, as well as engineering, technology and applications. Hands-on learning is supported by science labs and docents in each school.

- **Visual Arts:** All creators learn about art through historical and cultural contexts that are age appropriate. Using the elements and principals of art, media and process, artists at all grade levels will design and create one-of-a-kind pieces of artwork.

- **Performing Arts:** All performers receive instruction in music K-5, while fourth and fifth grade students have an additional opportunity to play a stringed instrument. Center of Creative Arts (COCA)/Interchange partners with The Kennedy Center to provide professional learning in the arts for teachers. Teaching artists collaborate with classroom teachers to develop and implement standards-based arts integration units during six- to eight-week residencies.

- **Physical Education:** Students at all grade levels focus on physical fitness by practicing motor movements, nutritional awareness and sportsmanship through games and team play.

**Activities & Events**

**Students participate in**
- Equations
- field trips
- Gifted Resource Council
- musical performances
- OASIS tutoring

**Families share in**
- arts nights
- curriculum nights
- math nights
- reading nights

**Afterschool activities include**
- chess club
- creative writing
- Girls on the Run
- homework club
- Unleashing Potential (child care)
- LEGO Robotics
- Novel Engineering
- scouting
- soccer
- yoga

**The active PTO coordinates special events such as**
- book fairs
- Fall Festival
- Festival of Lights
- Field Day
- Pancake Supper
- Passport Night
- Spring Picnic
- Talent Show
- Trivia Night
- Turkey Trot
- and more

**One U City**

In 2019, the PTOs from all four University City elementary schools formed One U City, an initiative to build equity and community by jointly producing four district-wide PTO community events to be hosted at each elementary school.

*All schools in The School District of University City are designated as Title I. Each school receives federal funding to provide extra services to students, coaching and professional development for teachers and parent involvement activities.*
